

**SEE REVISED DATES BELOW**

## **DCAMM Construction and Design Affirmative Marketing Program Industry Input Public Sessions**

**If you are doing or attempting to do  
business in the Commonwealth of  
Massachusetts in construction,  
contracting, design service industries  
or related fields,**

**WE WANT TO HEAR FROM YOU!**

The Division of Capital Asset Management and Maintenance (DCAMM) cordially invites you to provide your valuable input on DCAMM's Affirmative Marketing Program.

DCAMM is proud of its history of, and ongoing commitment to, addressing past and present business discrimination and ensuring that all firms get a full and fair opportunity to do business with DCAMM.

In December, DCAMM released its Disparity Study entitled "Business Disparities in the DCAMM Construction and Design Market Area (December 2017)." The study is available on DCAMM's website (<https://www.mass.gov/service-details/dcamm-disparity-study-2017>).

We invite you to review the Disparity Study, attend the Industry Input Public Sessions, and share your thoughts and perspectives, as DCAMM, in consultation with the Supplier Diversity Office, reviews and develops the Affirmative Marketing Program going forward.
